Exams: The final exam is Friday, August 7, 11:15 - 1:10, in the regular classroom. There will be three 50-minute tests, during the second class period of July 1, 15, and 29.

Grading:

- Final exam: 300 points
- 3 tests: 150 points each
- Attendance and participation: 150 points
- Total: 900 points

Attendance and participation are essential, especially during a summer course with a compressed schedule. I will take attendance during each 50-minute class period. After three absences, I will deduct five points from 150 for each 50-minute class period missed. Reading outside material like newspapers or using electronic devices, other than calculators, may result in a missed class period.
